Nowadays, we tire our skin a lot due to air pollution, stress and other factors. Various problems begin to appear in our tired skin over time. SORNIE COLLAGEN PATCH is with you to eliminate these problems.

## COLLAGEN

It is a natural amino acid that stops skin aging, removes wrinkles, and strengthens hair and nails. Its main task is to strengthen and protect the connective tissue. It gives elasticity and firmness to the skin.

## HYDROLYZED KERATIN

Keratin is a type of protein that forms your hair, skin, and nails. It helps strengthen your hair and skin and make it look healthier.

## SEAWEED EXTRAD

Seaweed is a miraculous nutrition that cleanses body areas exposed to heavy metals and high levels of radiation and cleanses the body with detoxification. It has anti-aging properties and keeps the skin youthful.

## VITAMIN E

Vitamin E is very important in terms of preventing various diseases, repairing the skin itself, keeping the body healthy and strengthening the immune system.

## ACACIA HONEY

It is a pure and natural product prepared with utmost respect. It has an antibiotic value that will eliminate microorganisms originating from propolis.

## COQ10

Helps to increase healthy cell regeneration. Your skin is the largest organ in your body and is widely exposed to damaging factors that cause aging.

CoQ10 applied directly to the skin has been shown to reduce oxidative damage caused by UV rays and the depth of wrinkles.

COLLAGEN PATCH  
by lumiere

Nowadays, each person's struggle with time is quite high. We all make an effort to run around and use our time properly. At this point, you no longer need to spend hours for facial care. **SORNIE ANTI-AGING MASK** is with you.

### **ALOE BARBEDENSIS**

Aloe vera, one of the biggest supporters of the skin, ensures that the sun burns and blemishes are recovered in a short time. Thanks to the protein, minerals and vitamins it contains, it increases collagen production, which delays skin aging.

### **HYALURONIC ACID**

With its high water retention ability, it makes the skin look smooth, bright, lively and natural. It eliminates acne scars and prevents acne formation. It helps the skin to maintain its vitality, freshness and naturalness for many years.

### **LECITHIN**

Lecithin is a type of lipid that all living cells in the body need. Lecithin is a natural source for essential fatty acids, choline, inositol and some other minerals and vitamins. Regenerates cells and helps to provide vitamin supplements to the skin.

### **RETINOL**

Retinol is a pure form of vitamin A. Your skin naturally uses vitamin A in its regeneration and repair cycle. Retinol is commonly used in skincare for two things: reducing the appearance of wrinkles and fighting acne.

### **COLLAGEN**

Its main task is to strengthen and protect the connective tissue. It gives elasticity and firmness to the skin.

### **GINSENG**

It activates skin cells and helps in removing dead cells. It is very effective to restructure and moisturize your skin. By increasing the oxygen rate in the skin, it revitalizes skin cells. It also improves blood circulation and is an excellent blood cleanser.

### **PEPTID**

Peptides are long chains of amino acids that form the building blocks of proteins, which are essential elements in our skin. It has many different anti-aging properties to make the skin look smooth, tight and young.

### **ORGANIC OILS**

It supports the skin to have a smooth and vibrant appearance. The skin will have a bright and healthy appearance with natural care oils.
